### **DETAILED ACTION**

1. Claims 1-4 and 6-35 are pending in this office action.

#### ***Allowable Subject Matter***

2. Claims 1-4 and 6-35 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art fails to teach an association between a first queue and a first communication context that requires membership to a common domain. The instant application differs from the InfiniBand specification in that the instant application takes the InfiniBand architecture and adds the ability to securely communicate via an association created between a queue and a communication context.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
